

'Twas 2 weeks before Christmas  
And of baking I dreamt.  
But sadly I was foiled in every attempt.  
I made up some cookies - -  
Johnny sneezed on the plate.  
And the rest of the batch,  
My family ate!  
Well the sneeze turned to fever,  
And fever to flu.  
All coughing and crying  
Owr red noses we blew.  
Now we cannot give treats,  
Or we'd share more than food.  
And to germ up your holiday,  
Would be very rude!  
So I'm giving you **Clorox**  
With love and a smile,  
Because your holiday,  
I don't wish to defile.  
And though you can't eat this,  
Please do not gripe.  
A healthy Christmas to all,  
And to all a good **Wipe!**
